325 ROUTE 202, FLEMINGTON, NJ 908-788-9220

Launch Your Child's Imagination!

Model Rocketry 101

Model Rocketry 101 is a three hour class for beginners who would like to learn about the hobby of model rocket building and launching.

Model Rocketry is a safe and fun hobby accepted by the U.S. Space Camp, Boy Scouts of America, YMCA and many schools for use in their learning programs.

Learn all about model rockets and then build, decorate and launch your own. Get great tips from an experienced model rocket builder and launcher.

All attendees who successfully complete and launch their rocket will receive a certificate of completion.

Date: Saturday, October 29, 2005, 10:00 am-1:30 pm

Cost: \$20 for one child age 8-17 and accompanying adult

\$20 for anyone 18 years of age or older, adults welcome

You will need to additionally purchase the rocket and engines, see attached for details.

Sign-up now. Space is limited!

Model Rocketry 101
